Professional Stamp/Seal

It is your responsibility to get your stamp or seal from a rubber stamp company. *Your stamp/seal should be under your control at all times.* Your stamp/seal must contain the following:

- State of Washington
- Registered professional engineer or registered professional land surveyor
- License number
- Your name as shown on wall certificate
- Date of license expiration.

Licensees may choose to imprint all or part of their expiration date, but imprinting is not required. Below are acceptable examples of expiration date imprints:

EXPIRES 9/21/06

EXPIRES 9/21 (*Year left blank to be hand-written on document*)

EXPIRES (*Remainder left blank to be hand-written on document*)

If you are both a professional engineer and a professional land surveyor, you must have a stamp for each license. Specific branches of engineering (civil, structural, mechanical, etc.) are not allowed on the stamp/seal. For specific information regarding seal/stamp usage, see chapter 196-23 WAC.

Below are stamps/seals approved by the Board.

(Professional Engineer)

(Professional Land Surveyor)

Any size is allowed but it must be fully legible.
